

It has not been too different from being in school as we still get to see the teacher and our friend. It is good being on online lessons because Miss Staward always explains everything clearly and always helps you when you need help. – Jess Phillips

From a parent's perspective, as the first time having to do complete online learning, I was a little apprehensive, I'm not a teacher, and I won't know how to help. A lot of this stemmed from the first lockdown as a lot of people I know were complaining, not about this school, but all schools in general about how they weren't doing enough or how the parents were struggling with the online learning but I must say in all honesty, I've been so pleasantly surprised, the organisation has been great, with clear instructions on what they are expected to do and checking that they fully understand what they are meant to be doing. You're doing an amazing job! – Jess's mam
