

We are Year Two,  
Welcome to our page, how do you do?

In Year Two, we are happy,  
We are snappy.  
We love to count and read,  
And we always take turns when someone has to take the lead.

In Year Two we are full of curiosity and wonder, just waiting to  
discover  
what happens when our teacher says, "Don't judge a book by it's cover!"

In Year Two we love Science,  
We always make the best discoveries when we don't work in silence.

In Year Two we are friendly and we are kind.  
Always staying in the right frame of mind.  
This is when our learning is best,  
it makes us ready in case there's a ..... test!

We are Year Two,  
how did we do?  
We hope you can see our favourite way to learn is with a smile!  
There's so much more to see, so please, come back in a little while.
